MAIN PARAMETERS

Light: LED/6500K 24V

Compressor: Sanyo/Secop

Thermostat: Elitech/Dixell

Refrigeration Method: Air cooling

Defrost Method: Automatic

Fan: EBM

Refrigerant: R404a/R448a/R290

CUSTOMIZABLE ITEMS

- Standard sheet metal shelves, replaceable hooks, fruit and vegetable baskets
- Transparent night curtain standard, fabric curtain optional
- Customizable product color, plug and voltage frequency

FEATURES

- The cabinet is easy to clean and hygienic. Powder-coated galvanized sheet exterior surface makes the cabinet beautiful and elegant
- The air speed and air volume in the cabinet are more uniform, and the insulation layer is 50mm, which prevents the loss of cooling capacity, increases the cooling capacity and ensures the comprehensive energy consumption ratio of the product.
- Noise is controlled at 45 decibels. Solved the problem of high noise of the whole machine.
- Brand new LED lighting, 6500k white light display, no blind spots in the space, and outstanding product display effect.
- The product is suitable for supermarkets and convenience stores to store beer drinks, fruits and vegetables, cakes, desserts, meat and other refrigerated foods.
